Puzzles and books aren't readily used by the children in the nursery, but they do promote family time so they're perfect for Family Promise. Doti Wilson has given us many wonderful books but we can never have too many for the library! At the Joint meeting, we'll give out a list of award winning children's books – Caldecott for the best illustrations and Newbery for the best stories. An idea could be to purchase a book for your grandchild as well as one for the church and write your name, your grandchild's name, and the occasion in it.

If you have any questions, please call Etta Allen.

Thank you for helping to refresh the church nursery and items for the children in Family Promise.
